

Evy Silvestre **Program Coordinator**

Los Angeles, CA
866-601-3614
info@ariacx.com

Evy Silvestre adventurous nature began after moving across the work for over 10 years. She is energized by learning and adapting to new cultures, people and a way of doing things. It has formed her open-mindedness to think and listen thoughtfully to those around her. Trust begins with listening and because Evy can listen with an open mind, she is trusted by friends and colleagues.

While Evy already is able to speak two languages including English and French, this doesn't stop her from learning and exploring the Spanish language. Over the past two summers, she has interned in London and Shanghai. She has learned how to be organized in fast paced environments and is passionate about learning how individuals and organizations work together to create the best products or services.
